**About 2D4D**

2D4D is a grassroots organization working to strengthen the region’s creative impact by helping artists and arts-leaders in the 2-dimensional and 4-dimensional (time-based) fields achieve greater potentials both individually and collectively. 2D4D beleives that it is through our collective voice, works, and actions that the arts inspire, provoke, enhance, and contribute to the emotional and economic wellbeing of our region. 2D4D does this by providing free and low-cost classes, workshops, networking events, exhibition and performance opportunities each designed to expose the value, function, and necessity for social diversity and dialog. This is only possible by bridging interaction between the arts and non-arts communities to recognize that each supports the other. [www.2d4d.org](http://www.2d4d.org)
